

Amendments to Drawings:

The attached sheet showing Figure 1 replaces the original sheet. Figure 1 has had previously omitted element 8 added to show the orienting pin.

The attached sheet showing Figure 2 and Figure 3 replaces the original sheet. Figure 2 has had previously omitted element 9 added to show the orienting slots.

REMARKS/ARGUMENTS

In the detailed description, the paragraph describing intended operation was replaced with a more detailed paragraph describing the same mater for clarification of the design.

Claims 1-3 of this application have been canceled. Claims 4-9 have been added.

The changes to this application are in response to the findings of the examiner. The examiner showed that previous patients sighted in his office action and discussed in an interview warranted that the claims of this application be more specific in nature. In following with the examiners remarks and reviewing the sighted patients a new list of more detailed and unique, non-obvious claims have been produced to support this application for patient of a unique invention.

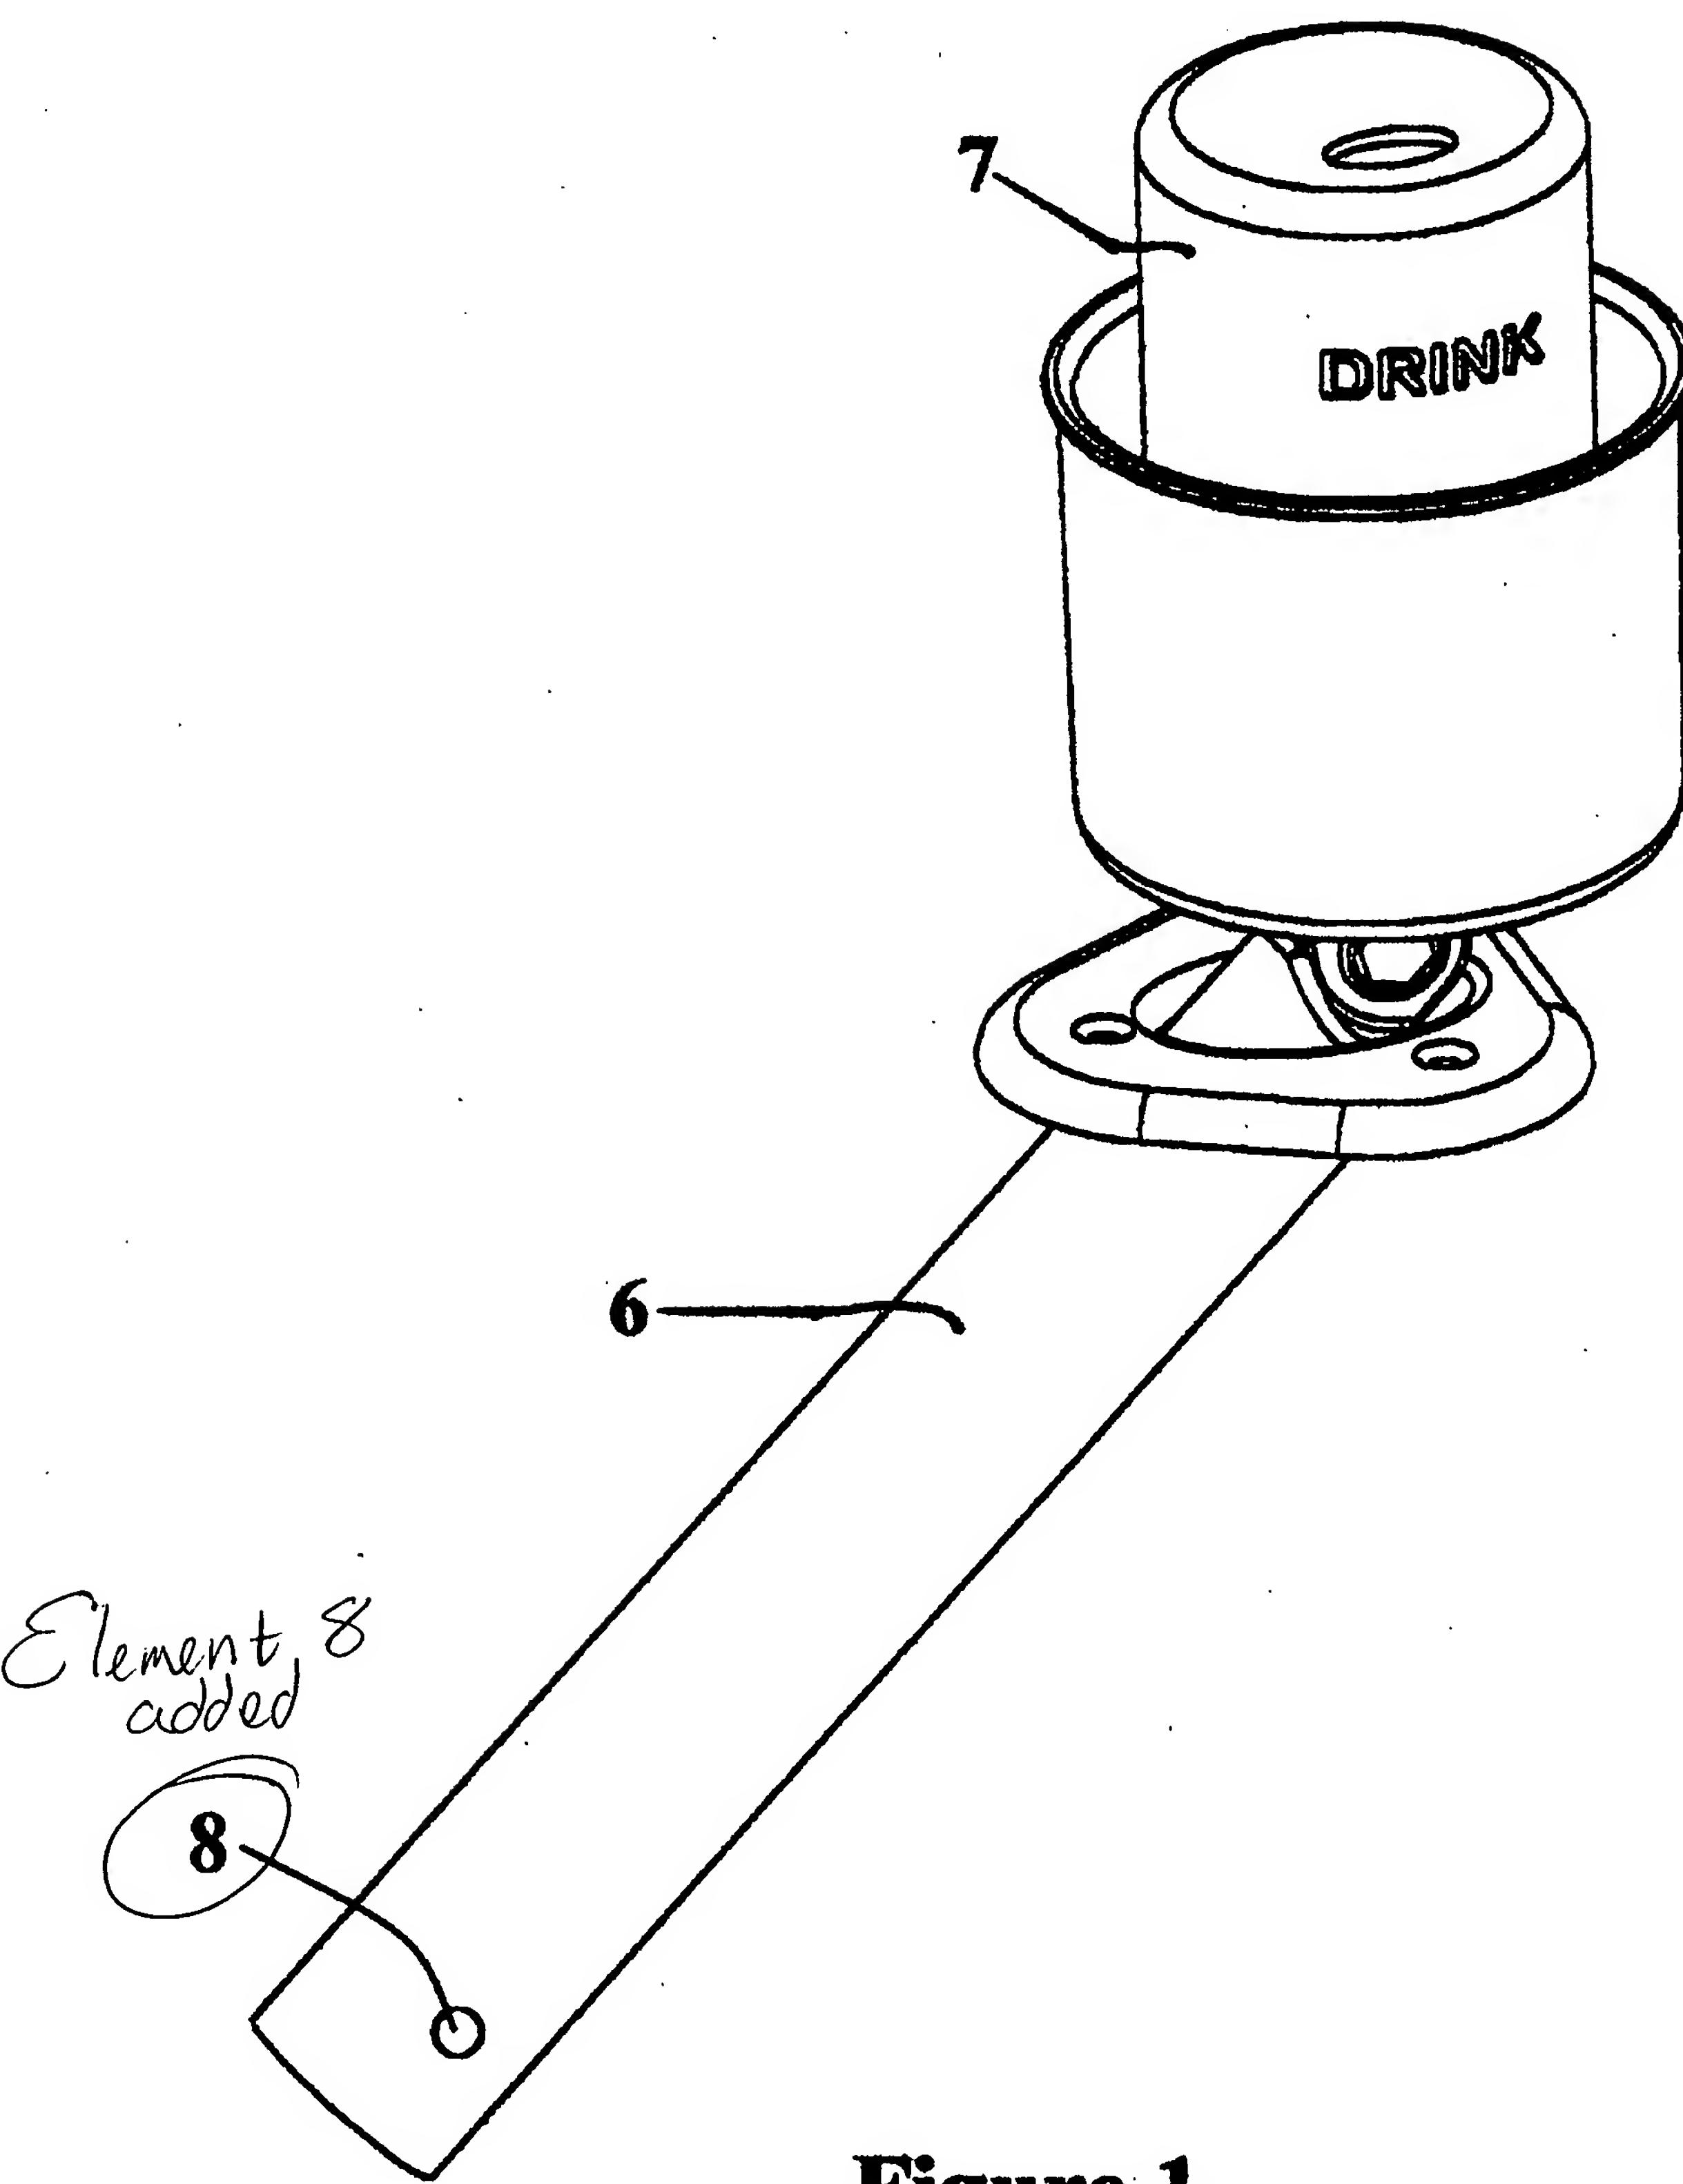

Respectfully submitted,
